SUMMARY

Results-driven Software Engineer with hands-on experience in full-stack development, Java-based applications, and AI-powered solutions, supported by strong expertise in DevOps practices, cloud computing, CI/CD pipelines, and containerization using Docker and Kubernetes. Skilled in designing and deploying scalable, secure, and high-performance systems that streamline operations and support data-driven intelligent applications, with additional proficiency in Linux system administration and shell scripting.

TECHNICAL SKILLS

Programming Languages: Java, Core Java, JavaScript , Python , Sql

Frameworks & Java Ecosystem: Core Java,Servlets, Spring , Spring Boot, Spring Security, Spring Data JPA, Spring Ai, REST APIs, JDBC, JWT, JUnit, Hibernate (ORM), Microservices Architecture, MVC Architecture, OOPs , Data Structures & Algorithms , Collections

Scripting & Automation: Bash , Python , Groovy , Xml

Databases: Sql ,PostgreSQL , Oracle , MongoDB

Source Code Management: Git and Github

CI/Cd Tools: Gitlab, Github Actions , Jenkins , GitOps

Cloud Services: AWS, Microsoft Azure , Oracle Cloud

Containerization/Orchestration: Docker, Docker Swarm , Kubernetes , Helm Charts

Ai/ML : RAG, Generative Ai , Spring Ai , LLM intergration, MCP Servers Ai Agents, Coding Agents , CLI Agents , Vector Db, Ai Automation Tools

Others: Linux , Networking , Prometheus , Grafana , Apache Kafka , Yaml , Maven , Gradle , RBAC, Audit Logging, IAM, AuthN, AuthZ

PROFFESIONAL EXPERIENCE

Software Engineer

Data innovations Technologies pvt.ltd

Feb 2025 - Present

- Contributed to the **development** and enhancement of **SimpleAccounts.io (OpenSource FinTech)** and **TherapyCRM.io (Healthcare CRM)**, delivering **25+ production-ready backend features, REST APIs , MVC Design Pattern , bug fixes** writing over **1,00,000 +** lines of production code.
- Designed, tested, and deployed** end-to-end **scalable backend** applications **Spring Framework, Spring Boot, and Hibernate** and **layered architecture** patterns.
- Built secure **RESTful APIs** with **request validation, exception handling, authentication workflows, and standardized API** supporting **50+ business endpoints** and improving system **reliability** and **maintainability**.
- Designed and optimized **PostgreSQL database schemas, relationships, indexing strategies, and complex queries**, reducing query execution times by up to **40%**
- Built and maintained microservices-based architecture**, enabling **modular, scalable, and independently deployable backend** services
- Leveraged **Git, GitHub, Maven, and Gradle** for **version control, dependency management, collaborative development, and streamlined project delivery** processes
- Implemented **JWT-based authentication** and **role-based access control (RBAC)** mechanisms, strengthening application **security** and **access management**.
- Containerized** backend services using **Docker** and participated in deployments across **Kubernetes** and **Docker Swarm** environments, ensuring consistency from development to **production**. Gained **hands-on** exposure to **cloud-native** deployment practices across **AWS, GCP, and Oracle Cloud Infrastructure**
- Integrated AI-driven** workflows using **Spring Ai, LLM APIs, and automation platforms**, enabling **intelligent data processing, content generation, and workflow** automation across business applications , **Speeded up Development** Process by **70%** by using **CLI Agents** like Claude,Antigravity,Github Copilot & Qwen Cli's
- Automated **build, testing, and deployment workflows** through **CI/CD pipelines** using Tools like **Github Action , Jenkins , Gitlab** and efficient **GitOps-based development** workflows reducing deployment **effort** by approximately **60%** and **improving release consistency**.

Software Engineer intern

Data innovations Technologies pvt.ltd

Aug 2024 - January 2025

- Participated in developing** and maintaining **backend** applications and **API-driven** workflows, contributing to **REST API integrations, authentication** mechanisms, **service-to-service communication**, feature implementation, **debugging, and deployment** activities.
- Assisted in **containerizing** multiple applications using **Docker**, improving **consistency** and **reducing deployment-related** issues across **Linux-based systems**.
- Supported **CI/CD workflows**, understanding **automated build, testing, and deployment pipelines** in **production-like** environments
- Worked extensively with **Linux** environments for **application setup, server configuration, troubleshooting, and deployment management tasks**
- Collaborated on **deploying and managing web and backend applications** throughout the **complete software deployment lifecycle**
- Contributed to **environment configuration and dependency management**, improving application portability and cross-platform deployment compatibility
- Assisted in implementing **JWT and OAuth 2.0 authentication** mechanisms, helping **secure** application access and **API authorization** processes.
- Delivered **10+ enterprise-grade** WordPress and **e-commerce** websites using **WordPress, Elementor, WooCommerce, and Shopify**, across digital platforms
- Built a strong foundation in **DevOps** and **cloud fundamentals** through **structured projects, deployment practices, and hands-on learning**

CERTIFICATIONS & COURSES

- **Introduction to Linux (LFS101)** - Linux Foundation
- **Wordpress Developer** - Udemy
- **Introduction to DevOps and Site Reliability Engineering (LFS162)**
- **SRE Fundamentals : Mastering Site Reliability Engineering** - Udemy
- **IBM - Cloud Computing Fundamentals**
- **Introduction to GitOps (LFS169)** - Linux Foundation
- **Introduction to Kubernetes (LFS158)** - Linux Foundation
- **Oracle Cloud Infrastructure AI Foundations**
- **Oracle Cloud Infrastructure Foundations Associate (2025)**
- **Oracle Cloud Infrastructure 2025 Certified Generative AI Professional**

EDUCATION

Bachelor of Science in Computer Science :- Grade - A+ , CGPA - 8.28%
Aki's Poona College of Arts ,Commerce & Science , Savitribai Phule Pune University

Nov 2022 - APRIL 2025
Graduate:- 2025

LANGUAGES - **English** (Fluent) , **Hindi** (Native) , **Marathi** (Native)
